

**Projects for Nov 23**

**33**

Item	Location	Issue	Potential Solution	Issues	Recommendation	Tool/Material Need	Verified with Board Rep.
1	North Easton Entry Way	Two Mature Tree of Heaven (TOH) (~70ft tall) bordering Healey's residence - dropping seeds and impeding other plants' growth	Remove in summer 2024 and treat stump.	Proximity to house and Easton Road plus tree height/size will require professional removal.  Note that one large branch overhangs the Healy home.	Refer to HOA Board for discussion.	TBD	
2	North Easton Entry Way	Four TOHs one inch or less in diameter.	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
3	North Easton Entry Way	Large fireant bed	Treat		November 2023 SOW	Fireant insecticide	
4	South Easton Entry Way	Five TOHs one inch or less in diameter	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
5	Easton Road Berm Privit Stand	Four 1 - 2" TOHs.	Cut at ground level and treat with herbicide.	Prevent overspray <b>Caution while working on slope Poison ivy observed. Was sprayed last week but oils might persist.</b>	November 2023 SOW	Pruning shears & herbicide Small chainsaw or pruning saw	
6	Easton Road Berm at Tree Stand near 995 EPI.	Two TOHs less than 1" in diameter.	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
7	Easton Road Berm at Tree Stand near 995 EPI.	Non-TOHs under cedar; Potential growth will impair cedar	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
8	Concrete Pad	One 6" TOH	Remove in summer 2024 and treat stump.	While sizeable, could be handled by volunteers	Refer to HOA Board for discussion.	TBD	
9	Adjacent to 992 EPI.	One 4" TOH	Remove in summer 2024 and treat stump.	While sizeable, could be handled by volunteers	Refer to HOA Board for discussion.	TBD	
10	Across from 987 EPI.	Log on ground and stump.	Cut up log and remove. Cut stump down and leave to rot	Watch for broken limbs and critters in debris pile	November 2023 SOW	Chainsaw	
11	Across from 987 EPI.	Privit	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
12	Across from 987 EPI.	Fire hydrant partially obscured.	Selectively cut brush to improve fire hydrant access.	Leave some screening material for fire hydrant. <b>DISCUSS BEFORE CUTTING</b>	November 2023 SOW	Pruning shears	

Item	Location	Issue	Potential Solution	Issues	Recommendation	Tool/Material Need	Verified with Board Rep.
13	Across from 979 EPI.	Two 1/4" TOHs and possible TOH patch - VERIFY AS TREE SPECIES UNCERTAIN.	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears & herbicide Small chainsaw or pruning saw	
14	Across from 979 EPI.	Privet impacting cedar tree	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
15	Across from 975 EPI.	Large TOH in forest	Remove in summer 2024 and treat stump.	While sizeable, could be handled by volunteers	Refer to HOA Board for discussion.	TBD	
16	Across from 975 EPI.	A 3" and 4" TOH	Remove in summer 2024 and treat stump.	While sizeable, could be handled by volunteers	Refer to HOA Board for discussion.	TBD	
17	Across from 975 EPI.	Privet	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
18	Across from 975 EPI.	Horizontal oak trunk (small) overhanging street with insufficient clearance (less than 15 feet).	Remove		November 2023 SOW	Chainsaw	
19	Across from 973 EPI.	Privet	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
20	Across from 973 & 967 EPI.	Tree overhanging street	Cut back to provide clearance	Watch for broken limbs in tree.	November 2023 SOW	Pruning shears and pruning saw	
21	Across from 967 EPI.	TOH?	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
22	Across from 965 EPI.	Tree branch over street	Prune		November 2023 SOW	Small chainsaw or pruning saw	
23	Across from 963 EPI.	Privet	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
24	Across from 963 EPI.	Dead cedar tree with at risk branches.	Remove at risk branches but do not remove the main trunk at this time	Care due to overhead branches and height	November 2023 SOW	Chainsaw	
25	Across from 963 EPI.	Tree stump	Cut at ground level		November 2023 SOW	Chainsaw	
26	Across from 963 EPI.	Tree overhanging street	Cut back to provide clearance	Watch for broken limbs in tree.	November 2023 SOW	Pruning shears and pruning saw	
27	Across from 963 EPI.	1/2" rebar protruding from ground ~ 6-8"	Cut and remove	Need cutting tool	November 2023 SOW	Large bolt cutter or radial saw with diamond blade	
28	Across from 963 EPI.	Thick green briars in canopy.	Cut at ground level and treat with herbicide in order to open up growth of more desirable plants.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
29	Across from 961 EPI.	Stumps	Remove		November 2023 SOW	Small chainsaw or pruning saw	

Item	Location	Issue	Potential Solution	Issues	Recommendation	Tool/Material Need	Verified with Board Rep.
<b>Note that poison ivy was observed across from 957 this summer and was sprayed.</b>							
30	Across from 957 EPI.	Two large TOHs	Remove in summer 2024 and treat stump.	While sizeable, could be handled by volunteers	Refer to HOA Board for discussion.	TBD	
31	Across from 957 EPI.	Two smal TOHs	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears or saw &Herbicide	
32	Across from 957 EPI.	Stumps	Remove		November 2023 SOW	Small chainsaw or pruning saw	
33	Across from 951 EPI.	Tree overhanging street	Cut back to provide clearance	Watch for broken limbs in tree.	November 2023 SOW	Pruning shears or saw	
34	Across from 951 EPI.	Privet	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
35	Across from 947 EPI.	Privet	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
36	Across from 947 EPI.	Stumps	Remove		November 2023 SOW	Small chainsaw or pruning saw	
37	Across from 947 EPI.	One TOH	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears or saw &Herbicide	
38	Across from 945 EPI.	Privet	Cut at ground level and treat with herbicide.	Prevent overspray	November 2023 SOW	Pruning shears &Herbicide	
39	Across from 945 EPI.	Downed limb/trunk	Remove		November 2023 SOW	Chainsaw
